SCHOOL DISTRICT OF HORICON

Home of the Marshmen

To Mayor, Jim Grigg

From: Rich Appel, Superintendent of Schools, School District of Horicon

Re: Agenda item request for meeting

Dear, Mr. Grigg.

The School District of Horicon is asking to be placed on the next agenda of the public works and development committee meeting on May 14, 2019. The agenda item we request to be heard and considered is the assistance from the city to help with the costs of the replacement of the sewer line at the construction site between Gray and Division Street due to the age of the existing line (estimated 1963). Ultimately we are hoping that this request would be heard and considered by the City Council for a decision. Please let me know if this request will be heard at the May 14th committee meeting. Myself, and representatives from CD Smith (Construction management firm) and Kapur Engineering may also be present at this meeting to answer any of your questions.

All questions regarding this request can be directed to Rich Appel rappel@horicon.k12.wi.us or 920-485-2898.

Sincerely,

Rich Appel
Superintendent of Schools
School District of Horicon

Subject: RE: ML04AL225 Water tank reconditioning

Sure Dave,

What Sprint intends to do is place a wood pole standing no greater than 80 feet in the below proposed location. With that we will have all our antennas and radios mounted to that pole. There will be 2 rigid conduits on the ground carrying out power and fiber to the wood pole to operate the site. These conduits will span approximately 10 feet from our cabinets to our wood pole.

We will remove any and all Sprint related equipment from the water tower so it can be refinished.

Once the water tank is reconditioned we will remove the pole and reinstall Sprint's equipment back on the water tank in the same configuration it is currently in.

Kind regards,

Chris Dorzok
